Hi-tech monitoring system for precise Cauvery water data

Telemetric Water Monitoring System installed at Koppa-Kushalnagar Cauvery River Bridge

Kushalnagar, Nov. 8 (Akshay & BCT)- Amid the ongoing dispute between Karnataka and Tamil Nadu over the sharing of Cauvery River water, a state-of-the-art Telemetric Water Monitoring System, equipped with velocity and level sensors, has been successfully installed on a bridge across the Cauvery River at Koppa-Kushalnagar on the Kodagu-Mysuru border.

This sensor-based monitoring system offers automated and real-time data 24x7, providing precise information regarding the river's inflow, water level, and velocity.

The system comprises two sensors: one for monitoring the speed of the water flow (velocity sensor) and another for measuring the depth of the river water (depth sensor).

The installation has been carried out by the Water Resources Development Organisation, a Central Government agency operating under the National Hydrology Project. This organisation has an Irrigation Investigation Sub-Division Office in Mysuru that is overseeing the implementation of this sensor-based water monitoring system. Each system costs Rs. 30 lakh and is imported.

Supreme Court bans firecrackers across India

New Delhi, Nov. 8 (Agencies)- The Supreme Court yesterday ordered a ban on firecrackers across India, saying the directions against the use of barium and banned chemicals in firecrackers are applicable to all States and not just Delhi-NCR.

The clarification was made by the Apex Court while hearing a plea relating to issue of fire crackers in the State of Rajasthan. The Court has also directed the State Governments to take appropriate steps to control air and noise pollution. The State of Rajasthan was told by the Court that no fresh directions are needed and it should take specific note of the previous orders.

"At this juncture, no specific order will be necessary in as much as this Court in the course of hearing the petitions has passed several orders, where steps have been indicated to minimise and avoid air as well as noise pollution. Hence the said orders will bind every State in the country, including the State of Rajasthan," a Bench of Justice A.S. Bopanna and Justice M.M. Sundresh said in its order.

The Supreme Court said there is a wrong perception that it is the Court's responsibility on the issue of environment. It further remarked that it is everyone's duty to manage pollution. The Court remarked that every citizen has to see that Deepavali is celebrated environment-friendly with fewer crackers.

Light up this Diwali with
mind-blowing offer from Peps
Get up to Rs. 33,000 worth free gifts on purchasing Peps Mattress

Mysuru, Nov. 8 - Peps, the leading mattress brand of the country, is offering the best Diwali bonus one can imagine — Buy a Peps Mattress and get up to Rs. 33,000 worth free gifts depending on the mattress model.

The brand is known for world class products which spell comfort and a good night's rest thanks to advanced features like 'Zero Disturbance' technology. Peps has the widest range of mattresses in the market and caters to every segment.

Its wide range includes orthopaedic mattresses that relieves back pain, double decker models and Crown Top finish mattress for comfort and luxury,

Denim Finish mattress is for those who love novelty, a mattress specially designed for couples. It is also the first ever mattress to be made of chemical-free bio-cotton and eco-latex from Belgium.

The brand can be purchased from its exclusive outlets named 'Great Sleep Stores.' It is also available in multi-brand outlets and as a direct-to-consumer brand through various e-commerce portals and our own e-com enabled website.

It also offers a wide range of accessories called Dream Décor. The brand is quite famous for its exchange offer schemes and zero % EMI schemes. This Diwali, invest in good rest by purchasing a Peps Mattress and also get savings of up to Rs. 33,000 by way of gifts.

EDITOR'S BOTTOMLINE

There is no need for you to make any arrangements for the ultimate goal to happen; nature has already made everything. You are a seed and if you allow nature, the whole blueprint exists in you.

It is just like a seed: we sow the seed in the ground and it has the whole blueprint, the whole architecture of the tree. Every leaf that will be produced in the future, every flower that will bloom in the future. The seed has every blueprint in it — only nature has to be allowed.

The seed trusts and dissolves in the earth. It sprouts into a beautiful tree, flowers, enjoys existence and becomes ecstatic. The bird comes out of the egg, leaves the known for the unknown, takes wing and moves into the vast sky. Nobody knows what is going to happen. With no goal in view, with no purpose or plan, it just takes wing, feels ecstatic on the winds, moves, goes to the farthest corner of the sky and moves into the unknown.

That is how it is also going to happen to you. You are a seed; you are a possibility. Heraclitus hits it exactly right and comes to the exact point where you miss. What is divine escapes men's notice because of their incredulity. Because you doubt, you miss. Trust and you can reach. Nothing else is needed; just trust, so that nature can unfold. —Osho in The Times of India

NEWS SPARKLERS

Food vlogger criticised for cooking croc

Beijing: A Chinese food vlogger found herself at the centre of a social media storm after she posted a controversial video of herself killing, deboning and cooking a 90 kg alligator.

The Chinese influencer recently learned the hard way that people don't like it when you kill, dismember, and cook a defenseless wild animal for their viewing pleasure and that the stunt may now get her in trouble with the law. Chu Niang Xiao He, a female food vlogger with over 3.5 million followers on Douyin (China's version of TikTok), recently posted a short clip demonstrating how to kill and prepare an alligator in the comfort of your own home. It was meant to shock and draw attention, but it also attracted a wave of negative reactions and accusations of animal cruelty.

Gin infused with green ants to boost flavour

Adelaide: Green Ant Gin is a unique gin made by an Adelaide distillery that is infused with green ants for an extra bit of citrus flavour and a hint of coriander.

Green ants have been a source of protein for Australia's aborigines for thousands of years and these little critters's neon abdomens can be used as a flavourful ingredient. Adelaide-based food company Something Wild came up with the idea of using the ants for their natural citrus flavour in a spirit that has won multiple awards since its launch in 2017. The Green Ant Gin is made with Boobiala (a native species of juniper) as well as other botanicals like finger lime, strawberry gum, lemon myrtle and pepper berry, but its secret ingredient is green ants, as evidenced by the handful of ants floating in every bottle.

Tap solar power for Dasara illumination in future

Sir,

There is no denying that the Dasara illumination in Mysuru captivates a vast number of tourists, adorning the city of Palaces with its resplendent lights. However, recent reports reveal that this year, a staggering 1.43 lakh units of electricity was consumed over 22 days for this dazzling display (as reported by *SOM* on Nov. 6).

As the tradition of illuminating Mysuru during Dasara is expected to continue in the years to come, it is now a crucial moment to consider harnessing electricity from sustainable sources, specifically solar power.

This approach not only serves the purpose of Dasara illumination but also promises to be a cost-effective and environmentally responsible solution in the long term. Moreover, the electricity generated can find utility in various other areas beyond the annual festival.

Therefore, it is essential for the authorities concerned to propose the necessary budget to the State Government for the implementation of solar power solutions. Space limitations are unlikely to pose a challenge in and around Mysuru for this purpose, making it a practical and forward-thinking initiative to ensure the sustainability of the city's cherished tradition.

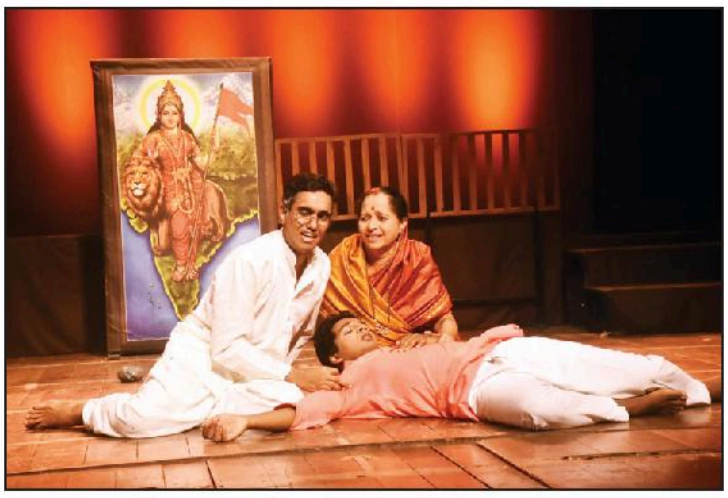
Play on Veer Savarkar staged to full house

By K.B. Ganapathy

Mysuru, Nov. 8- The much-anticipated play on one of our controversial freedom fighters Veer Savarkar was staged to a full house at Karnataka Kalamandira in city last evening.

The play *'Karineera Veera,'* an allusion to his 13 years of incarceration at the dreaded prison in Andaman Islands known as *'Cellular Jail,'* narrates Veer Savarkar's struggle for freedom of his country from the time he went to London to become a Barrister till his last days after independence.

The play was produced by Savarkar Pratishtana, Mysuru and was written and directed by former Director of Rangayana, Mysuru, Addanda C. Cariappa, the well-known playwright, stage director and an actor who was trained at the famous Ninasam Theatre Institute founded by the Magsaysay Award winner K.V. Subbanna, in Shivamogga.



***The scene from the play** Karineera Veera.*

Today (Nov. 8) is the last day of the play at Kalamandira in Mysuru. Show begins at 6 pm and the entry fee is Rs. 100.

This Kannada play, *Karineera Veera,* scheduled to be staged all over Karnataka, will move to Ramanagara tomorrow, according to the play's Director Addanda Cariappa.

274th birth anniversary of Hazarath Tipu Sultan Shaheed on Nov. 10

Mysuru, Nov. 8 (KS)- The 274th birth anniversary celebration of Hazarath Tipu Sultan Shaheed, organised by city's Hazarath Tipu Sultan Shaheed Welfare and Urus Committee in Lashkar Mohalla, will be held on Nov. 10 at Meelad Park on Ashoka Road in city.

The event will be held under the Chairmanship of Sir Khazi of Mysuru Hazarath Moulana Mohammed Usman Shariff and under the Presidentship of MLA Tanveer Sait. The celebration will commence at 11 am with recitation of verses from the Holy Quran, followed by Fatha Khawni and Darud Salam. Later, a delegation of devotees will proceed to Tipu Tomb (Gumbaz) at Ganjam in Srirangapatna, where they will spread flower mat (chadar sheriff), pay tribute to the shrines of Tipu Sultan and his parents. Later, Fatha Khawni will be performed and Tabruk will be distributed.

Prior to the celebration, breakfast (Tabruk) has been arranged at Allah Malik House on Ashoka Road, 19th Cross in Lashkar Mohalla at 7 am.

MLA K. Harishgowda, JD(S) leader Dr. Mehboob Khan, Hon. Chairman of Hazarath Tipu Sultan Welfare and Urus Committee M.S. Mukram, DCC Member Majeed Ahmed, Corporator Rafeeq Ahmed, ex-Corporator Naseeruddin Babu, DCC Minority Department Spokesperson Mirza Jamsheed Baig Ashrafi, Congress leader Syed Rahamathulla and prominent persons will be the chief guests.

Ulmas, Mushayiqin, Darvesh, along with Hazarath Tipu Sultan Welfare Committee members Majid Toufeeq Khan, Khwaja Mohammed Musheer Chishti, Radiulla Khan and others will attend. For details, contact Committee Secretary Afroz Pasha on Mob: 93798-56537, according to a press release.

Civil Engineering Extravaganza on Nov. 16: Register online

Mysuru, Nov. 8- The Department of Civil Engineering of Maharaja Institute of Technology Mysore, has planned a first-of-its-kind marathon like 24-hour Civil Engineering Extravaganza, a State-level technical symposium "ForCE sumMIT - 24" from Nov. 16 at 9 am till Nov. 17 at 9 am in the College premises.

The day-long event will have the skill challenging competitions Modelmania, Ideathon, Estimatrix, CADventure, Brain Teaser, Scriptomania, Eco Build, open for the students of Civil Engineering and Architecture.

Interested students can form a team of three and register online *https://forms.gle/SBtxQXTPn-AzaVVR47* or call Mob:91102-25282.

Vishesha Deepavali at Nexus Centre City

30 bikers from Bulls of Mysore join the ride for a cause

Mysuru, Nov. 8- Autism Spectrum Disorder (ASD) is a developmental disability caused by differences in the brain. People with ASD may also have different ways of learning, moving or paying attention. Being autistic does not mean you have an illness or disease. It means your brain works in a different way from other people.

To bring this message to the larger public, Nexus Centre City Mall, in association with Sparsha Foundation, had organised "Vishesha Deepavali," an initiative in which, bikers from Bengaluru joined hands to highlight the cause and did a bike ride from Bengaluru to Mysuru.

A total of 30 bikers from Bulls of Mysore group had joined the ride for a cause. The ride started from Nexus Koramangala Mall, Bengaluru and terminated at Nexus Centre City Mall, Mysuru.

Close to 50 autistic kids along with their parents and teachers participated in the programmes held in Nexus Centre City Mall. There was singing and dance performances by special kids and all the participants were gifted with diyas made by the kids.

Deputy Mayor Dr. G. Roopa and Apporva Rai, Founder, Skin Solutions, were the guests of honour at the event.

NEWS BRIEFS

Distribution of hearing aids

In an uplifting initiative, the All India Institute of Speech and Hearing (AIISH), Mysuru, has partnered with Bank of Baroda, to distribute hearing aids to young children with hearing impairment at an affordable rate. Mayor Shivakumar, who will be the chief guest, will distribute high-gain digital hearing aids to beneficiaries on Nov. 9 at the Seminar Hall, Academic Block of AIISH, at 10 am. Regional Head of Bank of Baroda Anuj Awasthi will be the guest of honour. AIISH Director Dr. M. Pushpavathi will preside. The initiative aims to raise awareness about hearing health and the importance of early intervention. For details, contact AIISH PRO A.R. Keerthi on Mob: 98441-81080, according to a press release.

Women's Cricket League

For the first time, Karnataka State Cricket Association (KSCA), Mysuru Zone, is coming up with Women's Cricket League. To start with, there are five teams taking part in the League. Tomorrow (Nov. 9), the match starts at 8.30 am at SJCE campus in city, according to a press release from Mysuru Zone Convenor R.K. Hari Krishna Kumar [Mob: 98455-41607].

Theatre Workshop from Nov. 10

On Stage Youth Theatre will be conducting a 45-day Theatre Workshop from Nov. 10 to Dec. 24 at Annayyappa Bhyraveshwara Educational Institutions, near Basavanagudi Circle, Hebbal. The Workshop will be held between 6.30 pm and 9 pm on all the days. The interested men and women, who are above 18 years of age, can register for the Workshop. For details, contact Mob: 88923-14554, according to a press release from the On Stage Youth Theatre.

Financial aid for SC students

The Social Welfare Department will be crediting the financial aid to students belonging to SC Community who have scored more than 60 percent marks in SSLC (2022-2023) in first attempt. Eligible students, who had applied, can check the status of their applications through the link ***sw.kar.nic.in***. In case the students find out in the status that their Aadhaar is not seeded, then such students have to seed Aadhaar with their bank account and apply to the Social Welfare Department Office, Dr. Babu Jagjivan Ram building, Adipampa Road, Paduvarahalli, according to a press release.

Fake signature for site allotment: Ex-MUDA Secretary files plaint

Mysuru, Nov. 8 (RK&DM)- The Mysuru Urban Development Authority (MUDA) continues to grapple with a series of irregularities and allegations involving officials, land speculators and intermediaries.

In the most recent incident, a former MUDA Secretary, a woman, has filed a complaint with Deputy Commissioner (DC) Dr. K.V. Rajendra, who also serves as the Chairman of MUDA. She alleges that her signature was forged in connection with the allotment of a residential site in Kuppalur Third Stage.

S. Kusumakumari, a KAS officer who previously held the position of MUDA Secretary, lodged her complaint with the DC, stating that she served as MUDA Secretary before her transfer, and the current Secretary is G.D. Shekar.

Kusumakumari explains, "I have challenged my premature transfer in Court and am awaiting the Court's verdict. In the meantime, two MUDA employees, M.S. Nandeesh and Gurudutt, sent a file through a 'D' Group employee named Ravi to my residential quarters, requesting that I sign the document. This file was related to Mahadeva Nayaka of MUDA Zone-1 and pertained to Survey Nos. 96 and 96-A of Kuppalur Third Stage. However, I returned the file, indicating that the incumbent Secretary, G.D. Shekar, should sign it, not me."

Kusumakumari has photographic evidence of the file sent to her, showing that the incumbent Secretary, G.D. Shekar, was supposed to sign in Paragraph 87. However, it has come to light that a forged signature bearing her name was later placed in that location. Upon discovering this, she promptly informed MUDA Commissioner G.T. Dinesh Kumar over the phone and filed a written complaint on Oct. 5.

In her complaint to the DC, Kusumakumari also requests that the DC direct the MUDA Commissioner to swiftly identify the individual responsible for forging her signature and take immediate action against MUDA employees Nandeesh and Gurudatt.

She expressed concerns that the duo may attempt to destroy evidence. She further emphasised that the file in question relates to the allocation of an alternative site and may involve vested interests.

DC Dr. Rajendra orders MUDA Commissioner to probe

I have received the complaint of former MUDA Secretary S. Kusumakumari and have asked MUDA Commissioner to investigate and submit a comprehensive report, along with records. Action will be taken based on the recommendations of the report. There are many such complaints and issues on site allocation. I will call for an exclusive meeting to discuss these and will issue suitable directions.

—Dr. K.V. Rajendra,
Deputy Commissioner, Mysuru

Govt. annuls MUDA's decision on 50:50 ratio site allotment

Mysuru, Nov. 8- In a setback, the State Government has revoked the Mysuru Urban Development Authority's (MUDA) decision to allocate sites on a 50:50 ratio.

This decision by MUDA was made during a meeting held on Sept. 14, 2020, where it was resolved to allot sites in a 50:50 ratio for cases involving the use of land without completing the land acquisition process and non-payment of compensation to landowners who had relinquished their land for the development of MUDA layouts.

However, the Government has now nullified this resolution, citing it as being in contravention of established norms. Furthermore, the Government has issued a directive, emphasising that MUDA cannot make such decisions without a formal Government order.

The MUDA Commissioner has been instructed to submit the proposal for further Government consideration and orders.

KEA exam scam kingpin continues to elude Cops

R.D. Patil jumps over rear side gate of housing complex where he was hiding since the illegalities came to light on Oct. 28; total 20 suspects already arrested in the case

Kalaburagi, Nov. 8 (BS)- The kingpin of Karnataka Examination Authority's (KEA) exam scam R.D. Patil escaped from a residential complex on Jewargi Road in the city where he was hiding on Monday (Nov. 6), after jumping over the gate in the rear side of the building, the visuals of which are captured on CCTV camera, which has gone viral.

R.D. Patil

Patil, who got a wind of Police busting his hideout anytime, made good his escape in a filmy manner, thus eluding his arrest. Patil, who is also accused in PSI recruitment scam in 2021 that rocked the State, was released from jail on bail in December 2022.

According to the CCTV footage of the residential complex where Patil was hiding, his shoe fell off while climbing over the gate of the compound wall. He asked a woman nearby to get his shoe. As she didn't respond and got busy herself in sweeping the floor, Patil fled from the spot after another woman came on the scene. It occurred at around 1 pm on Monday, according to the time recorded on CCTV footage.

Reacting to related queries, IT and BT Minister Priyank Kharge, who is also Kalaburagi District Minister, said: "Police are on the lookout of Patil for the past one week, with already 20 suspects arrested in the scam. If there is any substance in the allegation that the Police deliberately erred in tracing Patil, despite having a definite information about his hideout, action will be initiated against the guilty."

Apart from Kalaburagi and Yadgir, the scope of investigation into the scam is widened to Hubballi, Vijayapura and Bengaluru. Following the outcome of the probe, Home Minister will take a call whether to hand over the case to Criminal Investigation Department (CID) or not. We will abide by the decision, added Priyank Kharge.

The case

On Oct. 28, several candidates appearing for the written examination conducted by KEA for recruitment to various Government posts were caught using Bluetooth device at the exam centres in Afzalpur and Kalaburagi. Following their arrest, it came to light that Patil had supplied Bluetooth device to those candidates in exchange of money. Moreover, it also came to be known that Patil had struck a similar deal with the aspirants of Police Constables who are scheduled to appear for written exam on Nov. 19.

To ensure smooth going of his nefarious activities, Patil was camping at a residential complex in Kalaburagi from where he had arranged Bluetooth device for the candidates in his network to provide answers to them. As the scam surfaced, Patil has gone into hiding again, thus evading his arrest by the Police.

Five drown as car plunges into Visvesvaraya Canal

Group from Tiptur was returning from Mysuru via Pandavapura-Nagamangala route when tragedy struck

Pandavapura, Nov. 8 (Nagasundar, Mohanraj & KS)- Three months after three women and a girl drowned in Visvesvaraya Canal when their car veered off the road at Gamanahalli, about 40 km from Banaghatta, in Srirangapatna taluk on July 29, five persons drowned when the car in which they were travelling fell into Visvesvaraya Canal at Banaghatta in Pandavapura taluk of Mandya district last evening.

The deceased have been identified as K.T. Krishnappa (60), Chandrappa (61), Dhananjaya (55), Babu and Prasanna, all residents of Kaidalu village in Tiptur taluk of Tumakuru district.

The group had been to Mysuru to attend an event and was returning via Pandavapura-Nagamangala route when the tragedy occurred. At approximately 4.35 pm, while travelling in a Tata Indica car (KA-14-N-2457) on Pandavapura-Nagamangala Main Road, the car driver encountered two individuals on a motorcycle who suddenly appeared in front of the vehicle.

In an attempt to avoid a collision, the driver lost control of the car, causing it to plunge into the 30-foot deep canal. Trapped inside the submerged car, the occupants were unable to escape and tragically drowned.

Local residents, who witnessed the accident, rushed to the scene, attempting to rescue those inside the car by diving into the canal. However, the strong water force and the release of water from the KRS Dam on Monday made it impossible to reach the car or its occupants.

Rash driving: DC

Deputy Commissioner of Mandya Dr. Kumara said *prima facie*, it appears to be a case of rash driving. Local authorities, including the Police and the Fire and Emergency Services personnel, conducted a search for the car for over an hour but were unable to locate it.

Expert swimmers and divers were then summoned to the scene, who eventually found the submerged car. With the assistance of a crane, the car was lifted out of the canal, revealing the bodies of the five victims inside.

During the recovery of the bodies, a mobile phone within the car began to ring, leading the Police to contact the number from which the call originated. Through this call, the authorities learned that the deceased individuals were from Tiptur. A case has been registered at Pandavapura Police Station.

Three hours after the incident took place, MLA Darshan Puttannaiah visited the spot. Prior to his arrival, SP N. Yatish visited and later DC Dr. Kumara, ZP CEO Sheik Tanveer Asif, Assistant Commissioner Nandeesh, Tahsildar Santosh and other officials arrived and conducted an inspection.

New bridge construction in progress

Construction of another bridge near the Visvesvaraya Canal is currently underway, involving the demolition of a section of the retaining wall to facilitate the bridge's construction. This infrastructure development project was initiated to enhance the region's transportation network.

Regrettably, the absence of a retaining wall has posed a significant safety concern. A recent incident involving a cement-laden truck from Ballari falling into the canal resulted in the collapse of the retaining wall. This, in turn, contributed to the tragic car accident from Tiptur as the retaining wall was not in place to prevent such occurrences.

Local residents are deeply concerned about these accidents and held both the responsible officials and the contractor accountable for these tragedies, attributing them to negligence.

Series of tragedies in canals of Mandya that lack retaining walls

The persistent issue of vehicles falling into canals in Mandya district has instilled fear among the local population, with more than 100 lives tragically lost to date. While most of the canals do not have retaining walls or crash barriers, the other cause of these tragedies appears to be reckless and negligent driving.

Over the past four months, three separate incidents have occurred in the Visvesvaraya Canal. On July 27, a car fell into the canal near Tibbanahalli in Mandya taluk, claiming the life of one individual. On July 29, four persons lost their lives when their car veered off the road and plunged into the canal at Gamanahalli in Srirangapatna. Now, another five individuals have met a similar fate after their car plunged into the same canal.

A particularly harrowing incident took place on Nov. 24, 2018, when a private bus tumbled into the canal near Kanaganamaradi, resulting in the tragic deaths of 30 passengers. The bus was not deemed fit for passenger transportation, yet it continued to ferry passengers, leading to the devastating outcome.

In 2011, residents of Aralakuppe and surrounding villages in Pandavapura taluk were returning in a tempo after attending a function in Nanjangud, when it fell into Undubathi Lake on the outskirts of Mysuru which had killed 24 people.

Tragically, this pattern of accidents continues, despite their frequency. Authorities responsible for public safety have yet to take adequate measures to address this ongoing problem.

DC had ordered assessment of constructing retaining walls

In August this year, Mandya DC Dr. Kumara had constituted Committees in Mandya taluk, Maddur taluk, Malavalli, Nagamangala, K.R. Pet, Srirangapatna and Pandavapura taluk to oversee the construction and maintenance of retaining walls or crash barriers along canals and lake bunds in the district, with the aim of preventing similar incidents in the future.

Dr. Kumara

The DC had instructed the officials responsible for the lakes and canals in Mandya District to urgently assess the need for repairing existing crash barriers and promptly report their findings to the Committee. The goal was to address any maintenance issues and enhance safety measures, thereby preventing potential dangers posed by the lakes and canals in the district.

MDJA presents Awards, fetes Awardees

Journalists must abide by Constitution only: KBG

Mysuru, Nov. 8 (MTY&BS)- Founder-Editor of *Star of Mysore* and *Mysuru Mithra* K.B. Ganapathy (KBG) said "Journalists have to abide by the Constitution only, as the King and *Rajadharma* (duty of king) have lost recognition with the advent of Democracy."

Addressing a gathering of journalists this morning after being felicitated by Mysuru District Journalists Association (MDJA) at Patrakarthara Bhavan on receiving Honorary Doctorate from University of Mysore during its recent Convocation, KBG said "When I was conferred Honorary Doctorate, I remembered stalwarts of journalism like Krishna Vattam, Ramanna and several others. Mysuru is not just my *janmabhoomi* (birth place) but also my *karmabhoomi* (land of work) and *gaurava needida bhoomi* (land of honour). Hence I am bestowed with many awards and recognitions."

Continuing, KBG said "Nowadays journalists are caught in a situation where they have to maintain a balance in their profession. On one hand they have to keep the interest of the management in mind and on the other hand they have to maintain professional ethics. In this wake, they undergo several challenges, while presenting whatever they see or hear in the form of a news. By upholding professional integrity, they have to also work in the interest of the people. Though we witness and hear many happenings, not all can be reported in the interest of social harmony."

Former MUDA Chairman H.V. Rajeev, who was the chief guest, lauded journalists of Mysuru for maintaining professional integrity, especially the photo-journalists who have been proving their mettle in wildlife photography too.

Former Mysuru District Minister S.T. Somashekar presented the Endowment Awards and felicitated the award-winning journalists at a function organised by Mysuru District Journalists Association (MDJA) at Patrakarthara Bhavan in city this morning. *Sitting from left - front row:* ***S. Basavanna (Anurag Basavaraj), Executive Committee Member Machamma Mallige, Rural Secretary M. Mahadeva and Executive Committee Member Shivamurthy Juptimath.***

Former District Minister and MLA S.T. Somashekar conferred Netra Raju Endowment Award on *Star of Mysore* and *Mysuru Mithra* photographer M.N. Lakshminarayana Yadav and Niranjan Nikam Endowment Award on senior journalist Rajkumar Bhavasar.

Newspaper Distributor Javarappa, also the maiden recipient of State-level Kannada Rajyotsava Award, was also felicitated by MDJA.

Following journalists, who are the recipients of District Kannada Rajyotsava honour and Nalwadi Krishnaraja Wadiyar Award were also felicitated by MDJA on the occasion:

District Kannada Rajyotsava honour — Doddanahundi Rajanna, S. Udayshankar, Nagesh Panathale, Suttur Nanjunda Nayak and Mahesh Kebbepura.

Nalwadi Krishnaraja Wadiyar Award — K.B. Ramesh Nayak and Muguru Nanjundaswamy.

Hi-tech monitoring system

(Continued from page 1)

A similar system has already been deployed at Bannur, where the Cauvery River flows and approvals are pending for installing two more systems on Lakshmanatheertha River (near Hunsur) and Lokapavani River in Mandya (a tributary of Cauvery).

This state-of-the-art sensor-based system provides real-time data every 15 minutes to over 15 agencies in Karnataka and at the national level, including the India Meteorological Department, Cauvery Neeravari Nigam Limited and the Karnataka State Natural Disaster Monitoring Centre.

Additionally, the data can be utilised by regulatory authorities such as the Cauvery Water Monitoring Authority (CWMA) and the Cauvery Water Regulation Committee (CWRC) to determine the water allocation between the Southern States.

Speaking to the *Star of Mysore* this morning, Santhosh Kumar, Assistant Executive Engineer of the Irrigation Investigation Sub-Division Office, mentioned that in the past, water flow data collection was a laborious manual process.

The system measures various parameters related to river level and flow, including water height from the stream bed (stream stage), river velocity (measured by a radar-based surface velocity sensor mounted above the river), and river depth and width. The collected data is then transmitted and made available for viewing and downloading.

This system is designed to monitor water levels in rivers, lakes and streams, predict the potential for flooding and issue alerts accordingly. It not only measures water levels but also assesses water velocity, improving the accuracy of risk predictions, Santhosh explained.

The system operates using solar energy and has been installed by Sun Technologies, Chennai, which is responsible for data transmission, system installation and maintenance for five years.

It may be recalled here that a Telemetric Water Gauge has already been installed at the Krishna Raja Sagar (KRS) Dam in Mandya district and at Harangi Dam in Kodagu to provide sensor-based real-time data on reservoir storage levels, inflow and outflow. These installations are part of an Online Monitoring System for the Cauvery Basin, utilising Telemetry-based Real-time Data Acquisition and Transmission.

SC bans firecrackers

(Continued from page 1)

In 2021, a slew of directions were passed by the Supreme Court (SC) to ensure that banned chemicals are not used in crackers ahead of Diwali. The Bench had also clarified that there is no total ban on firecrackers and that only those firecrackers were banned that contained barium salts.

Green crackers are permissible following the directions issued by Supreme Court in 2018.

In its Nov. 7, 2023, hearing, the Court also said it has observed that these days elders burst more firecrackers as compared to children. The Court directed the State of Rajasthan to take immediate steps to control pollution in Udaipur. On Sept. 22, the Top Court had rejected the plea seeking the manufacture, sale and use of firecrackers containing barium chemicals.

MGP monthly meeting on Nov. 12

'How to prevent cyber crimes?'

Mysuru, Nov. 8- The monthly meeting of Mysore Grahakara Parishat (MGP) will be held on Nov. 12 at 4 pm at MGP Office, Vivekananda Road, Yadavagiri.

MGP, which has been receiving complaints from consumers concerning cyber crimes, has organised a meeting on the topic 'How not to fall for cyber crimes.'

Of late, anti-social elements are developing clever schemes to dupe consumers as use of mobile phones are on the rise and people are dependent on internet-based information technology.

N. Anil Kumar, Police Sub-Inspector and Shivakumar, Head Constable from Cyber, Economic and Narcotics Crime Police Station, will be participating in the meeting to discuss ways of avoiding cyber crime.

D.T. Venkatesh, Assistant General Manager (Retd), State Bank of India, Financial Centre, Mysuru, an expert on Cyber Crime, will also be joining in the discussion.

Those who want to ask questions or want to discuss their cyber crime problems are requested to share information through email: *mygrapa@gmail.com*. For details, contact Ph:0821-2515150.

Dhamani-23: MMC&RI hosts cultural fest at Platinum Jubilee auditorium

NEP spreads hatred than inculcating love among children: Writer Dr. S.G. Siddaramaiah

Dr. Siddaramaiah

Mysuru, Nov. 8 (SPN&BS)- Writer Dr. S.G. Siddaramaiah said: "The National Education Policy (NEP)-2020 foments enmity and jealousy rather than inculcating love and affection among children."

Dr. Siddaramaiah, also the former Chairman of Kannada Development Authority (KDA), spoke during 'Dhamani-23' cultural programmes organised as part of the centenary celebrations of Mysore Medical College and Research Institute (MMC&RI) and Kannada Rajyotsava celebrations organised at Platinum Jubilee Auditorium, J.K. Grounds here yesterday evening.

Reminiscing the contributions of erstwhile Maharaja of Mysore Nalwadi Krishnaraja Wadiyar, who is also the Founder of Mysore Medical College that later became Government Medical College and now MMC&RI, Dr. Siddaramaiah said: "Nalwadi established medical education in four levels so that the poor can access health care at an affordable cost. The noble deeds of Nalwadi also came to the notice of Mahatma Gandhi, who hailed the former as 'Rajarshi.' The birth anniversary of such a great personality like Nalwadi should be celebrated by the Government, but it is a matter of regret that the Government is still dithering over taking a decision in this regard."

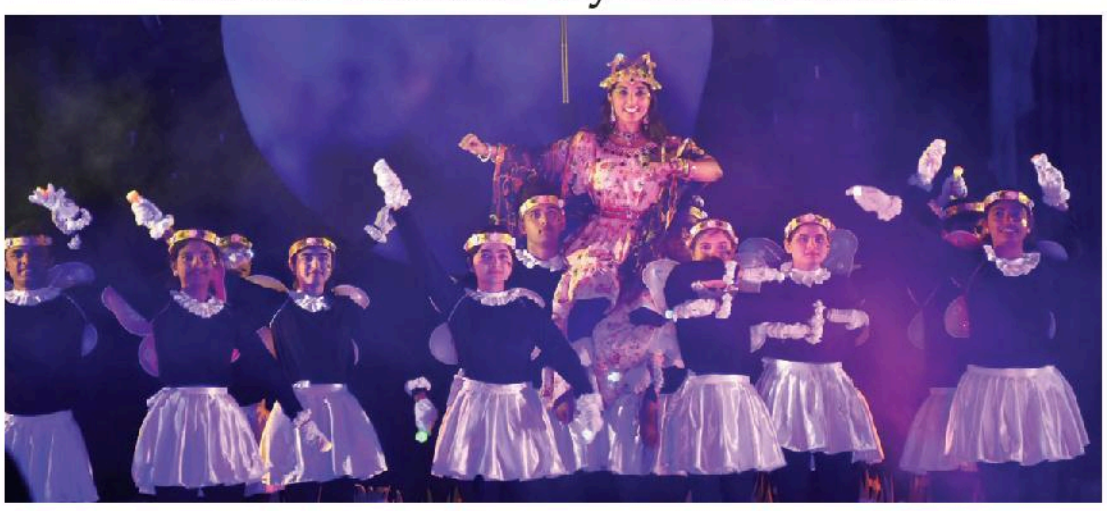
When the birth anniversaries of several others who deserve least importance are being celebrated, why is the Government reluctant towards celebrating Nalwadi's birth anniversary?, he asked.

Dean of MMC&RI Dr. K.R. Dakshayani said: "Nalwadi should be remembered for establishing such an institution that continues to cater to the poor at affordable cost."

Dr. Dinesh, Dr. Rajesh and Dr. Manjunath were felicitated on the occasion.

Medical Superintendents Dr. H.P. Shobha (K.R. Hospital) and Dr. Rajendra Kumar (Cheluvamba Women and Children Hospital), Student Welfare Officer Dr. Chandrashekar, Kannada Sangha President Dr. C. Ravindranath, Vice-President Dr. Shuba Jayaram, Secretary Shivakumar, General Secretary Abhishek Sanbal, D.R. Chandan Reddy, K.P. Prajwal and R. Divya were present.

Staging of play 'A Midsummer Night's Dream' unveils medicos tryst with theatre



Mysuru, Nov. 8 (MK&BS)- Students of MMC&RI staged the play 'A Midsummer Night's Dream' to the huge applause of the gathering at Platinum Jubilee Hall of MMC&RI at J.K. Grounds here on Nov. 6 evening.

The play, originally written by noted playwright William Shakespeare and translated to Kannada by poet K.S. Nissar Ahmed, was enacted by medicos, as part of the centenary year celebrations of MMC&RI.

Jeevan Kumar Heggodu directed the play, with theatre person Deepak Mysore handling the concept, choreography by Sagar S. Gumballi and S. Prajwal, with the assistance of K.R. Dhanush and supervision by S. Darshan Samarth and S. Shivakumar.

By staging the play, the medicos also proved their interest in art, literature, music and theatre, besides showing their love for Kannada.

Earlier, columnist B. Chandregowda, who inaugurated the play, said: "William Shakespeare whose plays centred on the people's thoughts still hold relevance. Shakespeare focused on the feelings of the mind, that is precisely why his plays still remain popular since the time of its origin in 16th Century. Hence, he also remains a top playwright in the world."

"Earlier, marriage was fixed by parents and now, even though the society is moving towards several reforms in this modern era, we still see couple in love done to death in the name of caste. The recent incident of a man killing his daughter in Kolar for loving a boy out of caste is one such horrific example. Though love marriage is still not easy in this caste-based society, it proves when the people marry going by their choice, setting aside caste and religion. Hence, Shakespeare wrote: 'The people's feelings is above all'," said Chandregowda.

He also lauded the performance of medical students as a miracle which proves their interest in arts, literature, dance and theatre.

MMC&RI Dean Dr. K.R. Dakshayani, Student Welfare Officer Dr. Chandrashekar, MMC&RI Kannada Sangha President Dr. Ravindranath, theatre person Deepak Mysore, Shubha Jayaram, medical students Shivakumar, Abhishek and Chandan Reddy were present.

CME on Neuro Sciences tomorrow

Mysuru, Nov. 8- Mysore Medical College & Research Institute (MMC&RI) and MMC Alumni Association, Mysuru, are jointly organising a Continuing Medical Education (CME) Programme on Neuro Sciences tomorrow (Nov. 9) from 2 pm at New Academic Block, as part of Centenary Celebrations.

The experts invited are alumni of MMC&RI, who are presently working at NIMHANS, Bengaluru. They are: Dr. Girish Baburao Kulkarni - Professor, Neurology; Dr. M. Pooja - Additional Professor, Neurology; Dr. Ajay Asranna - Associate Professor, Neurology; Dr. H.R. Aravinda - Professor, Neuroimaging and Interventional Radiology; Dr. D.N. Nandakumar - Professor, Neurochemistry; Dr. Kaviraja Udupa - Professor, Neurophysiology; Dr. B.N. Nandeesh - Additional Professor, Neuropathology; Dr. Jagadisha Thirthalli - Professor, Psychiatry; Dr. Shivarama Varambally - Professor, Psychiatry; Dr. Sundernag Ganjekar - Additional Professor, Psychiatry and Dr. K.N. Nishanth - Assistant Professor, Psychiatry, according to a press release from Dr. H.N. Dinesh, President MAA and Dr. K. R. Dakshayani, Director and Dean, MMC&RI, Mysuru.

Unpublished Hoysala inscriptions, sculptures unearthed at Mandya

CESCK Project Director N.M. Talavar, Senior Researcher Dr. C.A. Shashidhara, Dr. N.S. Annapurna, Junior Researcher Dr. A.P. Rakshith, Office Assistant Shashikumar and locals pose with inscriptions and sculptures found at Mandya. Picture right shows Bhairavi's Inscriptional Panel Atbrundavan Katte.

Mysuru, Nov. 8 (BCT)- A unique and previously undiscovered hero stone inscriptions and sculptures from the Hoysala period have been unearthed at Mandya by a team from the Centre of Excellence for Studies in Classical Kannada (CESCK) of the Central Institute of Indian Languages (CIIL), Mysuru.

The hero stone inscription was located in Ragimuddenahalli, a small hamlet situated in Pandavapura taluk, Chinakurali hobli, Mandya district, close to Brundavana Katte in the Southern part, adjacent to one Mahadevappa's agricultural land.

The team successfully identified several 12th and 13th-century Hoysala period soapstone sculptures and inscriptions, including the Aasithaanga Bhinava, Aathmabali sculpture, Saptamatrika sculptural panel, Bhairavi's sculptural panel and a rare Yogini sculpture of Yaakini.

Dr. C.A. Shashidhara, a Senior Researcher at CESCK, led the research team and this remarkable discovery was made possible through academic collaboration with Dr. Shailendra Mohan, the Director of CIIL. Noted archaeologist and heritage expert Prof. N.S. Rangaraju and CESCK Project Director N.M. Talavar provided the initial information that led to this discovery.

The team also included Dr. N.S. Annapurna, Junior Researcher Dr. A.P. Rakshith, Office Assistant Shashikumar, with the assistance of the landowner Mahadevappa and leader Shivanna, who joined in the effort to excavate and document the partially buried sculptures and inscriptions.

The land (Survey No.26) belongs to Mahadevappa from Dinka village. Notably, important information is engraved on the pedestal of the Bhairava sculpture, featuring a significant Hoysala period sculpture known as "Yerjobaichoja," inscribed in the Hoysala period's Kannada language.

Deciphering inspirations

Within the demolished Eshwara Temple in a grass field of the same village (survey no. 24), a sculptural panel of Saptamatrikas has been discovered, featuring the name of a male deity.

The inscription reads as follows: "Shri Veerabhadra, Shri Bhrama, Shri Mahadeva, Shri Savikra (gi)ka, Shri Vasudeva, Shri Varaha, Shri Indra, Chavudeshwarim, Benaka. Additionally, the name "Baichoja" is engraved in another part of the sculpture.

Furthermore, various sculptures within the ruined Eshwara Temple also bear the name "Baichoja." It reads: Rupu Ulidva, Ru Hara, Maka, La, Ivaru, Vinaya, Ka Veera, Bhadra, Gandu. In the centre of Brundavana village, Bhairavi sculptures can be found, although some researchers have mistaken them for Saptamatrika's sculptures.

The inscription on the Bhairavi sculptures reads as follows: "Erjojana Maga, Ga Baichoja Ma, Dida Mari, Yana (ve) Maga, Madigon, Dana Maga, Sindagowda, Madisida." It is revealed that Bhairavis and Saptamatrika's sculptures were crafted by Baichoja. The pedestals of the Bhairavi sculptures also feature inscriptions with the names Erjoja and Baichoja, combined as "erjobaichoja.

Information about father and son

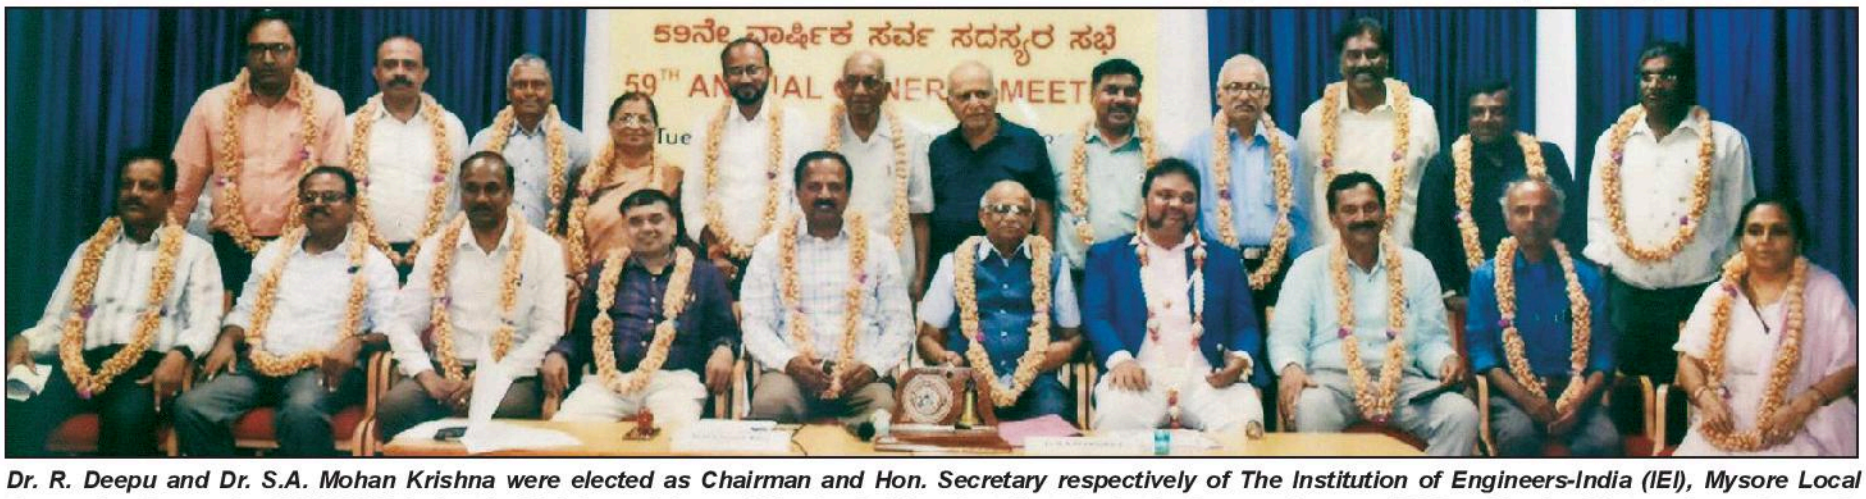
Similarly, on the pedestals of the Bhairavi sculptures, inscriptions of "Erjojana maga Baichoja" provide information about the father and the son. These inscriptions shed light on the place names during the 12th and 13th centuries in the Hoysala period, including Mudalahalli, which evolved into Ragimuddenahalli and Dinka.

Importantly, they indicate that this location was a Shaiva religious centre, as evidenced by the remains of a Hoysala period Shiva Temple with Nandi, Shivalinga, Bhairava and Saptamatrika sculptures.

Dr. S. Nagarajappa from the Archaeological Survey of India, Epigraphy Department in Mysuru, thoroughly examined and analysed these inscriptions. Local residents also played a crucial role in unearthing the sculptures and obtaining impressions of the inscriptions, including local Gram Panchayat Member D.M. Rajappa, R.M. Basavaraju, Kumara, Dharmendra and Ramesh from Pandavapura.

CIIL Assistant Director (Administration Officer) Pankaj Dwivedi and Dr. L.R. Prem Kumar, Head of the Classical Languages at CIIL, facilitated and supported this significant discovery.

New team of Institution of Engineers, Mysore



Dr. R. Deepu and Dr. S.A. Mohan Krishna were elected as Chairman and Hon. Secretary respectively of The Institution of Engineers-India (IEI), Mysore Local Centre, for the session 2023-2025 during the 59th Annual General Meeting held on Oct. 31 at the Institution premises on JLB Road in city. Gopinath - Member, Production Engineering Division and Dr. A.B. Rajendra - Member, Electronics & Telecommunication Engineering Division.

City skater Kalpana Kuttappa among silver-winning Indian Relay Team

Kalpana Kuttappa (centre) is flanked by her teammates Delhi's Heeral Sadhu (left) and Tamil Nadu's Karthika Jagadeeshwaran.

Mysuru, Nov. 8- City student Mukkattira Kalpana Kuttappa was part of the Indian Junior Women 3,000m Relay Team which bagged 2nd place in the 19th Asian Roller Skating Championships held at Beidaihe, China, recently.

The Relay Team of India was represented by Heeral Sadhu from Delhi, Kalpana Kuttappa from Mysuru and Karthika Jagadeeshwaran from Tamil Nadu. While Korea won gold medal, China settled for bronze medal in the Championships.

Kalpana, a first year degree student of Christ College, Mysuru, is the daughter of M.S. Ravi and T.K. Swathi couple, residents of Mahadeshwara Layout. Kalpana is being trained under Ekalavya awardee Prateek Raja.

Having started her skating career at the age of four, Kalpana has excelled in State and National-level Skating competitions and has bagged several medals including 50 gold.

She was also part of the 16-member Indian team which took part in the World Speed Skating Championship 2023 held in Vicenza, Italy, recently. She had represented India in the World Skate Games 2022 held in Argentina as well.

Prize-winners of Mandavya Zone Basket Ball & Tennis Tourneys

The basket ball team of De Paul College which won first prize in Mandavya Zone Inter-Collegiate Tourney.

Mysuru, Nov. 8- The University of Mysore (UoM), Mandavya Zone Inter-Collegiate Basket Ball and Tennis (Men's) Tournament 2023-24 organised by De Paul College, Avverahalli, Belagola, Srirangapatna taluk, was inaugurated on Nov. 6 by chief guest Rev. Fr. Biju Scaria CM, Principal DPIRS.

Tournament Convenor V. Srinivasa, Physical Education Director GFGC, Koppa, Maddur, Vice-Principal Dr. Joy Thuruthel CM and Physical Education Directors R. Angeline Francis Mary and John Holsat Haokip were present.

The Basketball Men's Tournament was won by De Paul College, while the Runners-up spot went to PES College of Science, Arts and Commerce Basketball Men's Team.

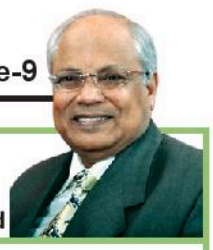
In Tennis, Government First Grade College, Bharathi Nagar, Mandya, were the winners while De Paul College boys were the Runners.

All the teams were felicitated by the Organising Committee of De Paul College.

The tennis team of DePaul College which won second place in Mandavya Zone Inter-Collegiate Tourney.

CRICKET TALK

By V.N. Prasad



Scintillating journey of 'Men in Blue' in 2023 World Cup

Are we well poised, going forward?

At the outset, heartiest congratulations to Virat Kohli on his magnificent century at the Eden Garadens, the best present he could bestow upon himself on his 35th birthday, equalling Sachin Tendulkar's record of 49 ODI centuries. While acknowledging the feat on the field, Virat hid his emotions in a very dignified manner. Was good to see that.

What an extraordinary ICC World Cup this has been hitherto. Umpteen 50s & 100s. Umpteen high scoring encounters. Whereas batsmen of all the teams have exhibited belligerent skills - unparalleled; Bowlers of Bharat have excelled, seamers and spinners alike. In all the 8 victories till date, our bowlers have hogged the limelight.

Jasprit Bumrah and Mohammed Siraj no doubt rattled opponents but it was Mohammed Shami who has bowled consistently and beautifully. Frankly, he should have been the automatic choice from game one. Using 'Seam Up', he is a class apart, whether new ball or old. Many a time our selectors use discretions beyond cricketing brains. Kuldeep Yadav and Ravindra Jadeja have been excellent foil. Sadly, Hardik Pandya is unlikely to be back. Now, let us analyse way forward without taking anything away from our boys.

1. Does Shubman Gill look a settled opener with Rohit Sharma? Big games need steady heads. Adapting is the key.

2. Are Rohit and Virat put into pressure?. Yes. Virat's strike rate is 88.29 consequently, inadequate.

3. Does K.L. Rahul look confident at No. 5? He looks diffident at times, circumspect at times and struggles to settle down.

4. How seriously are we hampered on account of Hardik's injury? Very seriously, as he is a very confident 'All Rounder.' Irreplaceable.

5. Does Suryakumar Yadav look a little casual and flamboyant? Looks yes. Bishen Singh Bedi or Shane Warne would have had him every time in one over; with lolly pops from outside leg stump; either shattering the timber or caught between Square Leg & Deep Fine Leg.

6. Has Shreyas Iyer settled down at No. 4?. Indeed yes. He looks a confident lad.

Now, given all of the above, our boys are well capable of 300 on any wicket in the Semi-Finals. But, any opponent is well-capable of chasing 300; even under our brilliant bowling attack. That makes the discussions in the dressing room and the coach a little tricky one. Intent is not to disturb the 11 at all. But, to rub into the minds Geoff Boycott's persistent statement: "In Cricket, anything can happen any time. Individual scores are of no importance unless you take your team over the line. So, the diktat is - Never Throw Away Your Wicket."

So, whichever team may occupy the 4th place, in all permutations and combinations, it is highly unlikely that the Semi-Finals will be a cake walk.

We hope and pray that Shubhman bats judiciously while Rohit piles runs in 1st powerplay, Virat improves Strike Rate and paves way for Shreyas to consolidate. And, KLR's feet do not shiver in his shoes while settling down to go past 300 and enable Jadeja to take it forward confidently well beyond 350.

Here is wishing our boys the very best. May the team gather all the courage and conviction to go past the semis and bring the coveted Trophy home to make Bharat proud. God bless.

WORD OF THE DAY

Analogue

Pronunciation: AN-uh-log.
Meaning: Analogue refers to something that is similar to something else in design, origin, use, etc. In other words, an analogue is analogous to something else.
Origin: Analogue is a handy word for something that is similar to something else in design, origin, use, etc., as in "tofu is a meat analogue." Like its relations analogy and analogous, it traces back ultimately to the Greek word lógos, meaning "word," "speech," "relation," "correspondence," and "proportion." Not to get too meta about analogue, but the nouns analogue and analog are themselves analogues (or, ahem, analogs) of one another: they differ only in spelling, though the analogue spelling is more common except in contexts related to chemistry. The pair also function as adjectives—as in "an analog watch" or "analog recording"—but in that case the shorter form is preferred except by those who use British English.
Example: "When the 32-year-old artist Gray Wielebinski was growing up in Dallas, he saw 10-gallon hats and boots as the marks of a fantastical machismo that belonged as much to him as to cisgender men. ... In his work, the cowboy is a tragic figure professionally endangered by commercial ranching, making him an analogue to the queer establishments that have closed in recent years." — Evan Moffitt, The New York Times, 6 Sept. 2023.

THE ODD WORD

Abeng

Jamaican bugle made from cow horn.

PHRASE OF THE DAY

A blast from the past

Meaning: You use the expression "A blast from the past" to talk fondly about someone or something that has returned after an absence or a period of disuse or obscurity. The phrase is usually a positive or a happy one.
Origin: Not surprisingly, the origin of phrase 'A blast from the past' has its roots in the US, where an unknown radio DJ coined it. The term became commonplace during the 1960s, although it might have been used before.
Example: "I heard an old Elvis tune on the radio yesterday. What an awesome blast from the past!"

QUOTE BOX

The past is always tense, the future perfect.—**Zadie Smith**
